Our Services:

1

Fuel Supply

Reliable fuel supply solutions ensure the consistent delivery of Diesel (AGO) and Petrol (PMS) to humanitarian organizations, UN agencies, mining companies, construction firms, transport operators, and commercial enterprises across East and Central Africa. A dependable distribution network guarantees timely deliveries that keep operations running without interruption.

2

Fuel Storage

Secure fuel storage solutions include bulk storage facilities, on-site fuel management, and inventory monitoring systems designed to ensure safe handling, accurate stock control, and uninterrupted fuel availability. Every solution is tailored to support operational efficiency while maintaining the highest safety standards.

3

Fuel Transportation

A modern fleet of fuel tankers and an extensive logistics network enable the safe and efficient transportation of Diesel (AGO) and Petrol (PMS) throughout East and Central Africa. Every delivery is managed with precision, ensuring reliability, compliance, and on-time performance for humanitarian organizations, industrial clients, and commercial enterprises.

4

Clearing & Forwarding

Comprehensive customs clearance, freight forwarding, cargo handling, and cross-border logistics services facilitate the seamless movement of goods across East and Central Africa. Every shipment is managed with efficiency, regulatory compliance, and careful coordination to ensure timely delivery.

Why Choose Us

01

Industry Expertise

Backed by a team of experienced professionals, every project is executed with precision, efficiency, and a commitment to excellence. Extensive industry knowledge enables the delivery of dependable energy and logistics solutions that meet the highest operational standards.

02

Reliable Supply Network

A strong regional supply network ensures the consistent availability and timely distribution of fuel and essential commodities across East and Central Africa. Strategic partnerships and an efficient logistics system guarantee uninterrupted service, even in demanding environments.

03

Modern Fleet & Infrastructure

A well-maintained fleet of fuel tankers, transport trucks, and logistics equipment supports the safe and efficient movement of products across the region. Modern infrastructure and advanced operational systems enable reliable performance and seamless service delivery.

04

Safety, Compliance & Reliability

Every operation is conducted with strict adherence to industry regulations, safety standards, and environmental best practices. A strong commitment to compliance, risk management, and quality assurance ensures secure, timely, and dependable service at every stage.

05

Competitive Pricing

Cost-effective solutions are delivered without compromising quality, safety, or operational excellence. Efficient resource management and strong supplier relationships enable exceptional value while maintaining world-class service standards.

Industries we Serve

01 MINING COMPANIES

Reliable fuel supply and transportation to keep mining operations running efficiently, even in the most remote locations.

02 CONSTRUCTION COMPANIES

Dependable fuel and logistics solutions to support construction projects of all sizes and keep your equipment moving.

03 (NGOs)

Reliable energy and transportation solutions that enable NGOs to deliver aid, support communities and drive positive change.

04 TRANSPORT COMPANIES

High-quality fuel and dependable logistics services to maximize fleet performance and operational efficiency.

The Strategic Investment Categories we have:

Hirgal Oil Limited has established a diversified investment structure designed to support sustainable growth across the energy, fuel supply, transportation, logistics, and project supply sectors. These strategic investment categories provide investors with structured opportunities to participate in different areas of the company's operations while supporting the expansion of our regional business activities.

Our Four Strategic Investment Categories are:

- ✓ Fuel Supply Investment
- ✓ Transportation Investment
- ✓ Capital Investment
- ✓ NGOs Project Supply Investment

These categories are designed to strengthen our operational capacity, expand our fleet and fuel supply activities, improve logistics infrastructure, and develop long-term commercial and project-based partnerships across East and Central Africa.

OUR INVESTOR APPROACH

Hirgal Oil Limited does not simply seek capital; we seek strategic investment partners who can participate in the growth of our operations.

Our approach is to:

- ✓ Clearly define each investment opportunity.
- ✓ Explain how invested capital will be utilized.
- ✓ Establish the applicable investment terms and conditions.
- ✓ Provide realistic financial projections based on the underlying business activity.
- ✓ Maintain proper financial and operational records.
- ✓ Provide investors with agreed financial and operational reports.
- ✓ Calculate returns based on actual business performance.
- ✓ Reinvest part of the business earnings where appropriate to support future expansion.
